Dear Sir:

This communication is in response to the Office Action mailed June 29, 2004, setting forth a second restriction requirement in the above-identified application.

In the previous restriction requirement mailed on March 23, 2004, the Examiner has required restriction to the following groups:

Group I (claims 1-14); and

Group II (claims 15-16).

In response thereto, Applicant elected the invention of Group II, claims 15-16. (Response To Restriction Requirement mailed April 8, 2004.)

With the present Second Restriction Requirement, the Examiner has now required a further restriction as to *nonelected* claims 1-14 as follows:

I. Claims 1-7, drawn to the use of generating web page information used to form a web page viewable at a client computer, classified in class 715, subclass 513.

II. Claims 8-14, drawn to the use of constructing coded information used to form output by a browser program based on results generated from said application, classified in class 717, subclass 114.

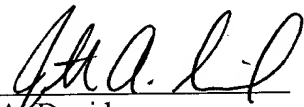

In response to this second restriction requirement, Applicant confirms that it elects the invention of Group II of the prior restriction requirement mailed on March 23, 2002, *i.e.*, claims 15-16. Applicant reserves the right to file a divisional application corresponding to any or all of the nonelected claims.

In the event any fee is due in connection with the present response, the Examiner is authorized to charge Applicant's Deposit Account No. 12-1095 therefor.

Dated: July 8, 2004

Respectfully submitted,

By
